

SITRANS T measuring instruments for temperature

3

3/2	Product overview
3/5	SITRANS TW universal transmitters
3/5	Four-wire system for rail mounting
3/17	SITRANS T transmitters for mounting in the sensor head
3/17	SITRANS T3K PA (PROFIBUS)
3/22	SITRANS TK-L, two-wire system
3/24	SITRANS TK/TK-H, two-wire system
3/28	SITRANS T transmitters for field mounting
3/28	SITRANS TF, two-wire system, also as field indicators
3/33	SITRANS TF2
3/36	Resistance thermometers
3/36	Technical description
3/38	Protective tubes
3/40	Transmitters for temperature for mounting in the connection head
3/41	Questionnaire for temperature sensors
	Resistance thermometers
3/42	- for flue gas
3/43	- low-pressure screw-in
3/45	- high-pressure screw-in
3/46	- high-pressure welding-type
3/47	- flange-type
3/49	- for damp rooms
3/50	Accessories
3/55	Thermocouples
3/55	Technical description
3/61	Questionnaire for thermocouples
3/62	Straight thermocouples
3/65	Jacket thermocouples
	Accessories
3/69	- Cold junction
3/70	- Cold junction thermostat
3/72	Resistance thermometers for food, pharmaceuticals and biotechnology
3/72	- for installation in pipelines
3/75	- with clamp-on system
